

# THE CASTLE INN HOTEL

## DIRECTIONS

The Castle Inn, lying in the heart of one of England's prettiest villages, enjoys the simple tranquillity of an age long gone and yet is only minutes from the M4 (Junction 17) and the national communications network. No matter where you are coming from you will find The Castle Inn with ease.

From junction 17 of the M4, head south along the A350 towards Chippenham, turn right at the first roundabout and straight over the second roundabout continuing along the A350. Turn right at the third roundabout onto the A420. Take the right turn for Yatton Keynell and Castle Combe. Stay on the road for approx 3 miles, you will pass the Race Circuit on your left. Shortly after a garage on your left hand side the road bears round to the right. Take your second left taking you down a steep hill which will bring you down into the village. We are on the right hand side opposite the White Hart Public House.

From junction 18 head south on the A46, turning left onto the A420. Soon after Ford turn left to Castle Combe, you will see us on the left.
